

CornerStone Farm Senior & Junior Does

The Does Proverbs 27:27

*You will have plenty of goat's milk to feed you and your family
and to nourish your servant girls.*

Milking lines

I have been a milk test supervisor since 1997, we milk our herd on a daily basis, and can provide unofficial "barn" data on does when requested.

Show lines

Our lines have proven themselves in the show ring by earning their MCH titles and placing high in their classes. Buyers have continued to prove our lines in the milk pail and show ring as National Reserve Champions, Top 10 milkers, 90s in LA scores and Superior genetics.
